

Dr. Miles' Nervine Triumphs.

Excessive Nervousness from Childhood.
La Grippe Brings on Heart Weakness.

REV. B. P. SEAREY, pastor M. E. church, Buchanan, Ga., writes Dec. 10, 1895: "In childhood I was afflicted with excessive nervousness, which almost developed into St. Vitus dance. I partly recovered, but at college it gradually grew worse. Close study aggravated the trouble; any unusual exertion caused trembling all over. In 1891 I had a severe attack of La Grippe which brought on heart weakness. I had been almost constantly under treatment for nervous troubles, and changed climates frequently without avail. Last February I began taking Dr. Miles' Restorative Nervine and Nerve and Liver Pills and since then I have been studying more and working harder than for years and the good effects have resulted seem to be permanent." Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle sent free of money refunded. Book on Heart and Nervousness sent to all applicants. DR. The six blocks of brick streets when put in will be one of the best improvements ever made in Seymour. Such improvements never fail to bring good returns to a city.

The people of Indianapolis are again paying five cents to ride on the street cars. This decision of the federal court against the three-cent-fare law recently enacted, ought to be a good thing for the bicycle dealers.

The services of Ex-Congressman Jason Brown and the services of all the attorneys for the removalists in the county seat case are duly appreciated by the people of Seymour. The citizens here are never inclined to be disloyal, but always generous with their friends and supporters.

People who assumed last fall that the United States has not enough money will be interested to know that the money in circulation today in the United States is nearly 140 million dollars larger than a year ago. The treasury figures show the circulation April 1, 1897, to be \$1,669,000,690, and that of April 1, 1896, \$1,528,463,030.

The Alabama legislature has broken the record by passing 160 bills in two hours, or at the rate of four bills every three minutes. At that speed it is safe to say that not even the legislators who passed them had a definite comprehension of what they actually contained. It is such has legislation that makes work for lawyers and confusion for the public.

The people who waited four years for prosperity under Cleveland and his free-trade theory should not be impatient if it takes McKinley and protection for months to accomplish what the other people failed to bring about in the four years. It goes without saying that business activity cannot grow while all business undertakings are held in check by the uncertainty which must exist until the new rates on imports are determined.

It is expected that gold exportation will take place soon. This movement however, if it does come, will not be due to ordinary causes. The balance of trade in our favor is so great that it must far more than offset the cost of ocean carriage and the other expenses due by us abroad, and the American securities sold on foreign account are more than offset by those purchased. If gold goes out under these conditions it will be bought like merchandise. Japan and Russia are known to be purchasing gold at present and as the United States is in good position to spare a few millions of its own it may be exported before long.

By holding their position at Larissa and the mountain passes on their left wing the Greek army has won an important success. Early in the week consternation reigned in Athens. It seemed not improbable that the Greek army would be cut in two at Larissa and reduced to a precarious defense, while the Turks pushed southward irresistibly. But the Greeks finally mastered the situation by stubborn fighting. In a measure they were surprised by the sudden outbreak of the war and the instantaneous onset of a Turkish army of 40,000 or 50,000 men. It would have been a dangerous crisis for a much stronger nation. The Greeks have met it with heroic steadiness in the face of threatened disaster and the possible ruin of their army. They have taken their baptism of fire, and can now prepare to press the war vigorously, with the prestige of a successful start. Whatever emergencies the struggle may bring they will hardly see another so desperately urgent as that through which they have just passed.

The Stout Men.

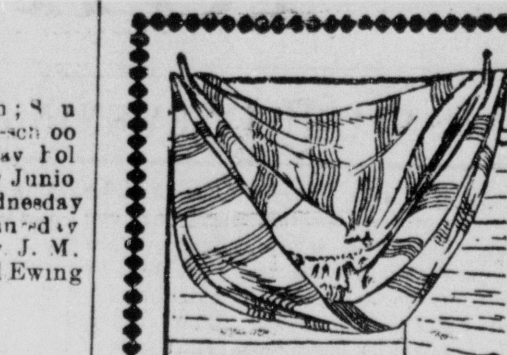

The real stout men, Albert Lamont and Glenalto Sampson, who gave exhibitions here of their great strength on Wednesday and Thursday evenings and left town before the people were astir on Friday morning were captured near Scottsburg yesterday by Marshal Thicksten and returned. This morning they were arraigned before Judge Hoover and found guilty under the new law enacted for the protection of owners and keepers of hotels. They were found guilty and fined \$10 each and cost, in default of which they were taken to jail.

Vacation Days.

In the lake regions of Wisconsin, Northern Michigan, Minnesota, Iowa and South Dakota, along the lines of the Chicago, Milwaukee & St. Paul railway, are hundreds of charming localities preeminently fitted for summer homes, nearly all of which are located on or near lakes which have not been fished out. These resorts range in variety from the "full dress for dinner" to the flannel shirt costume for every meal. Among the lists are names familiar to many of our readers as the perfection of northern summer resorts. Nearly all of the Wisconsin points of interest are within a short distance from Chicago or Milwaukee, and none of them are so far away from the "busy marts of civilization" that they cannot be reached in a few hours of travel, by frequent trains, over the finest road in the Northwest—the Chicago, Milwaukee & St. Paul. Send a two-cent stamp for a copy of "Vacation Days" giving a description of the principal resorts, and a list of summer hotels and boarding houses, and rates for board, to Geo. H. Headford, General Passenger Agent, Chicago, Ill. eod3t

ORDINANCE NO. 489.

An ordinance establishing the grade of the P. C. C. & St. L. Ry. track from Cincinnati avenue to Third street and requiring the same to be laid accordingly.

Whereas, Second street in the city of Seymour has been improved, and the track of the P. C. C. & St. L. Ry. Company across and along said streets is above the grade of the same, therefore

Be it ordained by the common council of the city of Seymour, Indiana:

Sec. 1.—That the grade of the track of the Pittsburgh, Cincinnati, Chicago & St. Louis Railway Company from the intersection of the same with the main track of the Baltimore & Ohio South-Western railway company north to Third street in said city, is hereby established and declared to be on a level with the surface grade of Indianapolis avenue between the points aforesaid, as the same has been made and established by the city civil engineer and approved by the council, and now of record in the office of the city civil engineer of said city.

Sec. 2.—That the Pittsburgh, Cincinnati, Chicago & St. Louis Railway Company is hereby required to lower the track of its said railroad, and to cause the same to be laid in conformity to the grade as herein established, and within thirty days after the passage of this ordinance, and the city civil engineer is directed to set the proper grade stakes for the same.

Sec. 3.—That the said Railway Company shall be liable to a penalty of Five Dollars per day for each day after the expiration of said thirty days during which it may fail or neglect to comply with the provisions of this ordinance, which penalty shall be recoverable in an action in the name of the city of Seymour against said company brought before the mayor of said city upon complaint prepared by the city civil engineer, and action of which shall be given by the service of summons upon the station agent of said company and on the day of the hearing of said action, and which action shall be conducted and governed in all respects as civil actions before the mayor are governed by statute.

Sec. 4.—That this ordinance shall take effect and be in force from and after its passage and publication in the Seymour Daily Republican for one day each in two successive weeks.

Passed and approved by the common council of the city of Seymour, Indiana, this Twenty-Second day of April, 1897.

Attest: J. E. McKinney, City Clerk.

NOTICE TO CONTRACTORS.

Notice is hereby given that the common council of the city of Seymour, Indiana, will at its regular meeting to be held in the council chamber on the evening of April 28th, 1897, receive sealed bids for the paving of Indianapolis and Jefferson avenues from the north line of the city to the west curb line of Tipton street, and on Cincinnati and St. Louis avenues from the east curb line of Chestnut street to the west curb line of Ewing street, and on Second street from east curb line of Indianapolis avenue to the west curb line of Ewing street, and on Chestnut street from the north property line of Third street to the north property line of Second street, with vitrified brick or asphalt, according to plans and specifications now on file in the city civil engineer's office. Said work to be done under the supervision of the city civil engineer, and satisfaction of the city council. Bids to be accompanied by a bond or certified check in the amount of the estimated cost of the work, and a contract if the same is awarded them. Council reserves the right to reject any or all bids.

Attest: J. E. McKinney, City Clerk.

Notice

All members of the A. O. U. W. are requested to meet at Meseke store this Saturday evening April 24th at 7 o'clock p. m. Business of importance.

JOHN HUNTERMAN, Reorder,

Blotting Paper.

In England they use a thin blotting paper; here we use mainly a thick blotter, says the New York Sun. Such thin blotting paper as is used here is chiefly for blotting leaves in books. Here we use on a desk a sheet of blotting paper 19x24 inches, the standard size which may be turned over when one side is pretty well filled with ink. In England the thin blotting paper is folded a number of sheets together, making a sort of pad, something larger than legal cap paper, and when a leaf gets saturated with ink it is torn off.

Greeks Returning.

The Wabash yesterday carried five hundred Greeks en route to the seaboard from the Northwest. The company furnished a special train from Chicago to Detroit to carry the Greeks who will sail for Greece as soon as arrangements can be made for them to go from New York.

The air ship will arrive this evening with a full supply of ice cream, soda water, &c., for Hoover & Son.

Frank Lounsbury reached the fifty-anniversary of his life yesterday. The event was pleasantly remembered.

The funeral of the late Jacob Becker will take place at 2 o'clock tomorrow afternoon from the St. Paul's Protestant church.

Truth in Poetry.

We may live without poetry, music and art. We may live without conscience, and live without heart; We may live without friends, we may live without fads; But business today cannot live without ads. —Ad Sense.

Bilious Colic.

Persans who are subject to attacks of bilious colic will be pleased to know that prompt relief may be had by taking Chamberlain's Colic, Cholera and Diarrhoea Remedy, and if taken as soon as the first indication of the disease appears, it will prevent the attack. For 1, C. W. Milhous.

AFFLICTED.

Sherman Robbins is no better.

Miss Nora Sweany is suffering severely with tonsilitis.

Oliver and Steyhen Isom of Mitchell, well known in Seymour are critically ill.

One half of Henry Seulke's tongue has been removed by medicine for his ailment. He is at Cincinnati for treatment.

Poisons engendered by food fermenting in a dyspeptic stomach are the direct cause of rheumatism, gout, bronchitis, liver and kidney complaints, asthma, pneumonia and many nervous ailments.

These results are prevented by the use of the Shaker Digestive Cordial, a remedy discovered and prepared by the Shakers of Mount Lebanon, N. Y. It is in itself a food and has power to digest other food taken with it. Thus it rests the diseased stomach and finally masters the worst cases of dyspepsia. It acts promptly and fresh strength and increase of weight soon follows. The first dose taken immediately after eating, whates the pain and distress so dreaded by dyspeptics. Trial bottles—enough to prove its merit—10 cents. Laxol is the best medicine for children. Doctors recommend it in the place of Castor Oil.

Speechlet No. 5.

Soda water is a blessing. The better the soda water the greater the blessing. If it is right the people will drink it. More than twenty thousand glasses were served at the PHARMACY last season and every glass was a sparkling testimonial of its good qualities. It will be still better this year.

Americans are the most inventive people on earth. To them have been issued nearly 600,000 patents, or more than one-third of all the patents issued in the world. No discovery of modern years has been of greater benefit to mankind than Chamberlain's Colic, Cholera and Diarrhoea Remedy, or has done more to relieve pain and suffering. J. W. Vaughn, of Oakton, Ky., says: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy in my family for several years, and find it to be the best medicine I ever used for cramps in the stomach and bowels." For sale by C. W. Mi thous.

Deafness Cannot Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result and unless the inflammation can be taken out, and this tube restored to its normal condition or hearing will be destroyed forever, nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Props., Toledo, O. Sold by druggists, 75 cents. Hall's Family Pills are the best.

BRADSTREET'S REVIEW.

Conditions in General Trade Are Improving Slightly.

NEW YORK, April 24.—Bradstreet's today says: The change in conditions underlying general trade, while slight this week, has been in the direction of improvement. The outlook favors an increase in labor disturbances to resist midsummer wage reductions. The bituminous coalmining industry is worse off than the anthracite with rumors of strikes, which promise to have an unfavorable influence. Trade in wool is quieter. There is less life in the wholesale drygoods trade and little relief has been experienced, buyers continuing to supply immediate needs only.

The tendency toward more settled weather has stimulated retail demand, more particularly in the northwest, notably for drygoods, hardware and millinery. The general tendency of the Mississippi flood to subside has created a better feeling. The only large cities reporting an increase in the movement of merchandise are St. Paul, Minneapolis, Milwaukee and Kansas City, where the distribution of drygoods, shoes, hardware and building materials has been more conspicuous. At almost all other large centers there has been no material gain in industrial or commercial lines.

BASEBALL.

Western League.

COLUMBUS, O., April 24.—"Bampus" Jones started in to pitch for Columbus yesterday, but was wild and Smith was substituted in the fourth inning. Detroit clinched the game in the first inning on Columbus' errors. Score:

Columbus	0	0	0	2	1	1	0	0	4	7	5
Detroit	5	0	2	0	1	0	0	0	7	3	3

Batteries—Jones, Smith and Fisher; Egan and Trost.

Milwaukee... 0 3 5 0 0 2 0 0 0 4 7 5
Minneapolis... 0 0 0 0 2 1 0 0 0 3 8 2
Batteries—Jones and Spear; Flegmiger, Kagey and Moran.

Indianapolis... 1 0 0 2 0 2 1 0 0 7 10 2
Grand Rapids... 0 3 0 0 0 0 0 0 0 3 14 3
Batteries—Groat, Monroe and Kahoe; Foreman and Buckley.

National League.

BALTIMORE, April 24.—It looked a sure thing for Boston in the first half of yesterday's game, but good stick work by the champions pulled the game out of the fire in the eighth inning. Score:

Baltimore—Pond and Clark, 7 runs, 12 hits, 3 errors. Boston—Nichols and Yeager, 5 runs, 11 hits, 2 errors.

Philadelphia—Taylor, Orth and Doyle, 12 runs, 9 hits, 7 errors. New York—Gettig and Warner, 7 runs, 12 hits, 3 errors.

Washington—McJannet, King and McGuire, 7 runs, 8 hits, 3 errors. Brooklyn—Daub, Kennedy and A. Smith, 8 runs, 13 hits, 2 errors.

Cincinnati—Breitenstein and Pietz, 4 runs, 6 hits, 1 error. Chicago—Briggs and Anson, 3 runs, 11 hits, 2 errors.

SHOT A MOTORMAN.

St. Louis Citizen Resents Having His Buggy Bumped Off the Track.

St. Louis, April 24.—James E. Thorp, a motorman, was shot by Ira Stansbury in front of the city hall yesterday. Stansbury was in a buggy which he was driving on the track. Thorp ran an electric car up behind the buggy and sounded the gong for Stansbury to get off the track. Stansbury was driving fast and refused to turn out. Thorp ran his car up to the buggy and bumped it off the track. Stansbury stopped his horse and coolly shot the motorman. When arrested he said he had as much right on the street as the car and that no motorman had a franchise to run him down. Stansbury is 77 years old and has been a resident of St. Louis for 60 years. He is well off and prominent.

Composer Tours.

English papers announce the death, after a long illness, of Berthold Tours, the well known musician and composer. Mr. Tours was a Dutchman by birth, having been born in Rotterdam in 1828. He studied at Leipzig and Brussels, went to England in 1861 and for a good many years served as a violinist in Costa's orchestra. For the last 19 years, however, he had occupied the responsible post of reader and editor to the great firm of Novello & Co., in which capacity he did an immense amount of useful work in the "reduction" of orchestral scores to their pianoforte form. He was also a voluminous composer of graceful violin pieces, songs, hymn tunes, anthems and church services.

SPANISH VICTORY.

Usual Sixteen Insurgents Killed and Left on the Field.

HAVANA, April 24.—Lieutenant Colonel Alfien, with the Maria Cristina battalion, engaged the insurgents at Purgatorio, Havana province, his advance guard pursuing them to the Providence farm. Here they were entrenched and three hours' fighting followed. The Spaniards captured the camp and important documents. The fleeing insurgents left 16 killed on the field and had many wounded. The regulars lost none, but had 16 wounded.

Orders have been given for expulsion from the island of George A. Guirre, a naturalized American. He was captured in a boat near Havana.

Enrique Palma and Mizard, Italians, and a French lady, Mariana Flamand, have been lodged in jail at Santiago de Cuba on the charge of assisting the rebellion.

WARNING THE COURT.

Free Turnpike People May Instruct the Judge What to Do.

LANCASTER, Ky., April 24.—The following notice signed by William L. Allen, a prominent and highly respected citizen of this county, has been circulated here:

The people voted for free pikes, won them and should have them. I myself voted against free pikes. However, I am not in favor of a certain class using the pikes free and others having to pay. You need not be surprised if 800 or 900 men ride to Lancaster in the night and instruct the court what disposition to make of the roads.

Was Injured by a Foldingbed.

CHICAGO, April 24.—Mrs. George Beane, better known as Mabel Paines, a dancer, has obtained a jury verdict for \$10,000 in the federal court, for injuries received from a foldingbed in the Hotel Normandie, in this city June 24, 1894. At that time she was connected with the "Milk White Flag" company.

Three Cent Law Unconstitutional.

INDIANAPOLIS, April 24.—Judge Showalter of the United States court yesterday issued a restraining order against the state, county and city officials enforcing the 3-cent fare law against the Citizens' Street Railway company. The judge holds the law unconstitutional. It was passed by the last legislature.

MODJESKA THE GRAND.

Found Paine's Celery Compound the Best of Remedies.

For the Nervous Exhaustion Consequent Upon her Arduous Work—The Remarkable Artist Who Stands Pre-Eminently at the Head of Her Profession.

The news of Modjeska's recovery from the recent severe sickness that compelled her to leave the stage will be a source of congratulation to the whole world.

Modjeska, in a letter to Wells, Richardson & Company, says she has found what thousands of people in every station such a smattering of medical knowledge as can be picked up behind a counter.

Paine's celery compound is prepared in exact accordance with the prescription of Prof. Edward E. Phelps, M. D., LL. D., of Dartmouth college. Its curative effects have been closely watched by the

And then also from the people in the ordinary walks of life there come thousands of honest, straightforward, heartfelt letters, telling how Paine's celery compound has made them well.

Their testimony simply goes to show what New England's most vigorous editor so aptly said in a letter telling of the benefit Paine's celery compound had been to a member of his family: "Paine's celery compound is not a patent medicine; it is not a sarsaparilla, it is not a mere tonic; it is not an ordinary nerve—it is far beyond them all as the diamond is superior to cheap glass."

VOLUME XXI--NO. 146

THE WAR IN THE EAST.

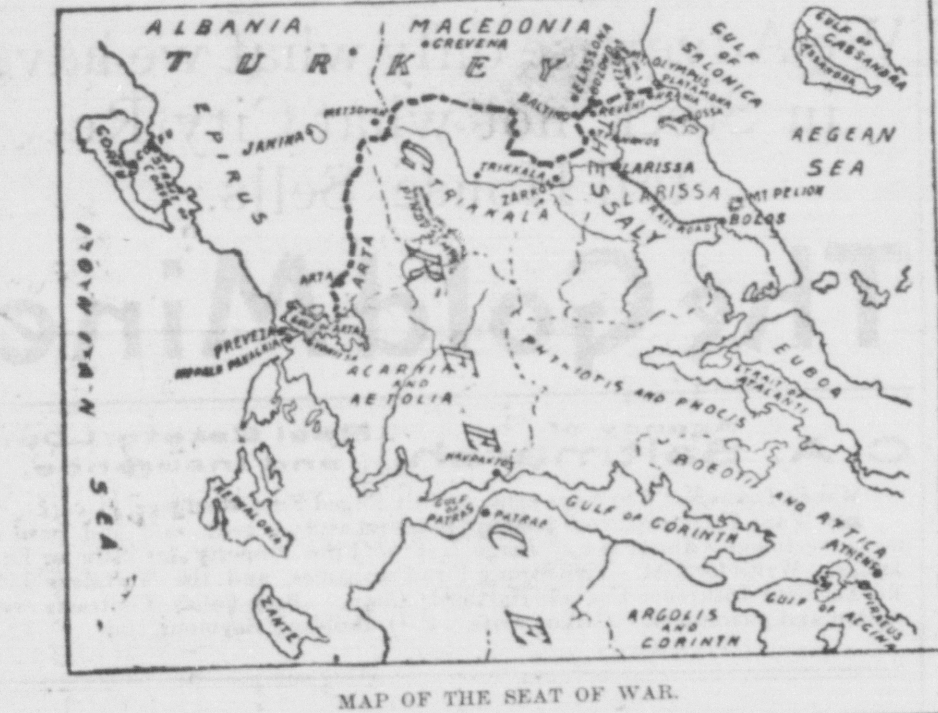

How It Was Finally Brought About.

SIMPLE STATEMENT OF THE FACTS.

Claims of the Greeks and of the Porte. The Island Always a Storm Center. Why the So Called Organic Statute Failed--The Armies, the Commanders and the Seat of War.

The immediate cause of the war between Greece and Turkey, according to the claims of the Greeks, is due to the action of the Greek irregulars in penetrating Macedonia and attacking various minor Turkish posts, responsibility for which the Greek government avows. The latter, on the other hand, lays the onus on the Turks, who advanced into Thessaly. This resulted in a sharp conflict between bodies of the regular troops at the town of Nezeros, which lies immediately under the shadow of Mount Olympus, the fabled home of the greater gods, who must be considered the aggressors, who sent troops to the island of Crete to oppose the Turks because the latter were massacring the Christians. A further cause for the belligerency is their impatience because the reforms imposed upon Turkey by the great powers have not been put into execution. But it is necessary to go back much farther to understand the primary cause of this great eastern crisis. Crete was the last of the Turkish conquests in Europe, having been captured from the Venetians after a desperate struggle. Like Ireland, Crete was imperfectly conquered at the beginning, and the flame of discontent has been kept alive in the island owing to the existence of a low minority differing in creed from the bulk of the population and long maintained in a privileged position by the ruling power. A disturbing influence was also exercised from without, for the Greeks of the mainland have always fostered the revolutionary element among their brethren.

Shortly after the Turkish conquests a large number of the Greek inhabitants, through one cause or another--it may have been compulsion, or possibly it was fear and self interest--embraced the creed of Islam, and of course thus effectually dissolved all ties of blood, language and tradition. Today the Mussulman Greek of Crete is to all intents and purposes a Turk and is so regarded by his Christian kinsmen. Crete, however, played an im-

MAP OF THE SEAT OF WAR.

portant part in the Greek war of independence, and it would have been made a part of the Hellenic kingdom if the European powers had kept their hands off, but they insisted in forcing Crete back under the Turkish rule and encouraging Turkey to retake it. After an insurrection which lasted over three years, and which cost the Turkish and Egyptian treasuries some \$30,000,000, a scheme of reform known as the "organic statute" was drawn up. This measure appeared to concede a large amount of self government to the island. It gave it a legislative assembly and judicial system of its own. The latter, however, was merely a mockery, and the former was reduced to impotence by being forbidden even to discuss any matter which had not previously received the sanction of the government.

Thus the organic statute proved a failure, and the island became as discontented as ever. Another insurrection occurred in 1878, and in the fall of that year, through the mediation of England, a compact was drawn up which retained the general system of the organic statute, but provided for its more practical application. This was not satisfactory to the Cretans, however, and they soon divided into two parties. Intrigue followed intrigue, and only one man had the courage to hold the office of civil governor for a full term. All the others were driven to resign it. A crisis came in 1889. The governor considered it to be his constitutional duty to bestow a certain number of appointments on the Liberals, and the Conservatives thereupon took up arms and withdrew to the mountains. Then the half-dormant fanaticism of the people became aroused and the island was again plunged into civil war. In the space of a few months about 100 Christians and Mussulmans were murdered. Nine thousand dwelling houses, 302 schools, 57 mosques and a number of hundreds of thousands of dollars' worth was destroyed. The insurgents, Christians, however, got the worst of it. The Porte soon became master of the situation and proclaimed martial law. The compact of 1878 was practically abrogated, and for the next five years Crete was ruled autocratically by a succession of Mussulman governors.

Greece, all of whose traditions are liberty, may easily involve before it be completely all Europe in a war between absolutism and democracy. It may result in an uprising throughout Europe until every government east of Russia is revolutionized and make liberalism dominant from the Mediterranean to the Baltic. The accompanying map gives a good general idea of the country in the neighborhood of the Greek-Turkish frontier, where the hostile armies confront one another. It is extended south to show the geographical relations of Athens and the present region of conflict. The frontier extends from the Ionian sea at the gulf of Arta, on the west, to the gulf of Salonika, near Mount Olympus, the fabled home of the old Greek deities, on the east. In moving the Greek troops to the north they were embarked on a shipboard at the Piræus, the port of Athens, and sailed down the gulf of Egina to the Aegean sea, and then north to the port of Bolos, also known as Volo. This port is connected with Larissa by rail, and a few hours after landing the troops were in Larissa, the present headquarters of the Greek army at the front. The Turkish city of Salonika has been the gathering point of the Turkish forces. Salonika is at the head of the gulf of Salonika, 45 miles northeast of the town of Ellassona in Macedonia. Ellassona is the headquarters of the Turkish forces in Macedonia. The Turkish troops have reached this town and other points along the Turkish military front by two routes. A part of them have gone west by rail to Verria from Salonika and then marched south to Ellassona, a distance of 45 miles. For some weeks the Turks have had a very considerable army posted all along the frontier from Ellassona to Janina. The Greeks have also spread a part of the troops they concentrated at Larissa along the frontier from Nezeros, south of Mount Olympus, to the eastern border of Thessaly. At Grevena in Macedonia the Turks have had an entire division, including infantry, cavalry and artillery, under the command of Hakkî Pasha. The Greek insurgents pushed northward nearly to Grevena before they were beaten back. The most of Thessaly is a vast plain with ranges of hills. In no other part of Greece could troops be so easily maneuvered over so large a territory. Macedonia and Albania, on the Turkish side of the border, on the contrary, are exceedingly mountainous. As compared with Thessaly, the Turks have in their frontier territory a far greater number of strategic points that are not difficult to defend. The main difficulty with all this territory on both sides of the border, from a military point of view, is the entire lack of good roads. Many of the roads affording the only means of transit are mere bridle paths, and all the roads are narrow and in bad condition. The powers are plainly in alliance with Turkey in this crisis, but the conscience and sympathy of the people are largely in favor of Greece. This latter ally should not be despised.

W. R. DAY SELECTED

McKinley Makes Him First Assistant Secretary of State.

BELLAMY STORER GETS A PLUM

House Completes Consideration of Senate Amendments to the Indian Bill and Sends It to Conference--Reserve List of War Vessels Established--Indiana Postmasters.

WASHINGTON, April 24.--William R. Day of Canton has been decided upon by President McKinley for first assistant secretary of state. Ex-Representative Bellamy Storer of Cincinnati for minister to Belgium. The president would have sent these nominations to the senate yesterday but for the fact that that body had adjourned Thursday until Monday.

The selection of Judge Day to be first assistant secretary of state overturns the plan of the president to send him to Cuba as special counsel to watch the prosecution of the Ruiz investigation. It would be without precedent for such an official as the first assistant secretary to go to another country to prosecute a case, when later on he might have to engage in diplomatic negotiations with that same country on other subjects. At any rate, the conviction that the pursuit of the original mission by Judge Day would impair his usefulness in the future as an official of the state department has led to the cancellation of the order to go to Cuba. Whether any one will be appointed to take up the work of special counsel laid down by the judge cannot be learned, but it is intimated that Consul General Lee is anxious to be relieved of his office and any change there probably would make more pronounced the need of legal assistance in watching the Ruiz case.

FIFTY-FIFTH CONGRESS.

Indian Appropriation Bill Sent to Conference by the House.

WASHINGTON, April 24.--The house yesterday completed the consideration of the senate amendments to the Indian appropriation bill and sent the bill to conference. The main contention, as on Thursday, centered about the senate proposition to open the Uncompahgre Indian reservation under the mineral land laws. Finally an amendment was recommended to the effect that no corporation should be allowed to obtain possession of these gilsonite deposits, but that the government should lease the lands in limited areas and for limited terms of years. The senate amendment, striking from the house bill the provision for the ratification of the oil and gas leases, made by the council of the Seneca Indians last December, after a sharp debate, was disagreed to. Mr. Bland of Missouri attempted early in the session to secure action on the resolution relative to the Union Pacific railroad mortgages which he tried to force last week, but the speaker ruled that the resolution was not privileged. A resolution was adopted by which a committee of 25 was appointed to attend the dedication of the Grant tomb in New York on Tuesday and the house agreed to a programme of 3 days' adjournments for next week and then adjourned until Monday.

Reserve List of War Vessels.

WASHINGTON, April 24.--The navy department has perfected its plans for the creation of a reserve list of war vessels. The first vessel to be made the nucleus of the reserve fleet is the Columbia. She will not be taken out of commission but will be laid up in reserve at League Island as soon as she returns from the New York celebration next week. Of her crew of 400 men only 77 will be retained on the ship. The ship will be kept in such condition as to be able to put to sea within 30 days after orders for active service. The 300 odd men saved from the Columbia's crew by the reduction will be transferred to the battleship Iowa, now about ready for commission.

Fear the Treaty Will Be Ratified.

WASHINGTON, April 24.--A delegation from the Kiowa and Comanche Indian tribe, consisting of Quannah Parker, Big

Looking Glass, Arpaatone, Apache John and interpreters have arrived here. The tribe is apprehensive that the treaty made with them in 1892 by the Cherokee commission will be ratified by this congress. The treaty, which provides for opening the lands of the Kiowa and Comanches has never been confirmed owing to protests that have been made, but the rumors of possible action caused the tribe to despatch delegates to oppose it.

Indiana Postmasters.

WASHINGTON, April 24.--Indiana postmasters were appointed yesterday as follows: Bennington, Switzerland county, L. L. Welch; Clermont, Marion county, E. E. Hulsizer; Markle, Huntington county, I. S. Shidder; Matthews, Grant county, Frank Smiley; Milton, Crawford county, A. W. Funk; Nashville, Brown county, M. T. Poling; New Amsterdam, Harrison county, J. E. Funk; Orangeville, Orange county, T. H. Cleveland; Sanborn, Knox county, John Anderson; Taswell, Crawford county, Bloomer Enlow; Tobsport, Perry county, Q. K. Groves.

Kelly Is Released.

WASHINGTON, April 24.--Consul General Lee has called the state department that John J. Kelly of Philadelphia has been released and will leave the island. Nothing is known at the department of the conditions under which Kelly was arrested.

Order Modified.

WASHINGTON, April 24.--The order detaching Rear Admiral Beardslee from command of the Pacific station has been modified so that he will continue in command until July.

FLOOD NEWS.

Mississippi Falling or Stationary From Memphis to New Orleans.

MEMPHIS, Tenn., April 24.--No new crevasses have appeared in the levees. But the current of the river is still beating against the southern embankments with a fury that causes the greatest apprehension. The break at Delta has inundated 75,000 acres of the finest plantations in northern Louisiana and the water continues to pour through the opening and is rapidly spreading over a greater area. Reports from Greenville are not encouraging.

While the water is slowly receding in the overflowed district of the Yazoo delta, it is almost certain that the planting of this year's crop will be 30 days late. The negro laborers are in a fearful state of destitution throughout the delta although the government relief work is being carried on energetically. The situation north of Memphis and in Arkansas, however, has greatly improved. Many people are returning to their farms in Arkansas and the work of planting will begin shortly. The river is falling here.

From Cairo, Ill., a most encouraging report comes. It is to the effect that the river there fell seven-tenths of a foot since the last bulletin was issued and will continue to fall at that rate for some days to come. At Vicksburg and New Orleans there are no changes, the river remaining stationary. At all other points from which bulletins are issued a decline is reported varying from one-tenth to eight-tenths of a foot. The greatest fall is at Shreveport, La., where the gauge shows a decline of eight-tenths of a foot in 24 hours.

CHRISTIAN ENDEAVOR RATES.

Western Roads Have Not Yet Come to a Decision.

CHICAGO, April 24.--Western roads held a meeting yesterday to consider Christian endeavor rates. They did not come to any decision regarding them, but deferred the whole matter to their executive committee. The proposition which seemed most favorable was that a 1-way rate of \$25 between Chicago and San Francisco be made in both directions via the Missouri river, and that the 1-way rate in each direction via St. Paul and Portland be \$32.50. In making this proposition the western roads know it will not be acceptable to the Southern Pacific. It has already signified its dislike of the 1-way rate plan of dealing with the matter and wants a round trip rate of \$50 made from Chicago.

HUNTER'S SUCCESSOR.

W. J. Deboe Nominated by the Republicans for United States Senator.

FRANKFORT, Ky., April 24.--As there was no quorum in the joint legislative session yesterday the balloting was merely a formality. The adjourned Republican joint legislative caucus met again last night to attempt the nomination of Dr. Hunter's successor. After balloting till near midnight W. J. Deboe was nominated amid a wild scene, the bolting Republicans going over to him. The nominee is about 50 years old, a native of Crittenden county, where he was a practicing country physician for a number of years.

Florida's Senatorial Contest.

TALLAHASSEE, April 24.--Balloting for United States senator yesterday resulted as follows: Call, 38; Chipley, 24; Raney, 17; Hocker, 11; Burford, 5; Darby, 1; Broome, 1; Wolff, 1; total vote, 98. Chipley gained two and Call one over the last ballot.

After Holman's Shoes.

MADISON, Ind., April 24.--Marcus R. Sulzer of Jefferson county will probably be the Republican candidate to fill the vacancy caused by Congressman Holman's death. Democratic aspirants are William R. Johnston of Dearborn county, Jason B. Brown of Jackson, Nicholas of Ripley, F. M. Griffith of Switzerland, Joseph Matlock of Jackson, John Overmyer and Lincoln Dixon of Jennings.

Saloonkeeper Killed.

ARCOLA, Ill., April 23.--Scott Swartz was instantly killed here by J. W. Appleton. Both men were saloonkeepers. Swartz is said to have followed Appleton with a revolver. The latter walked into his place of business, procured a shotgun and killed Swartz. Appleton was held for murder.

Bombardment of Santi Quaranta by the Western Greek Squadron.

AUSTRIAN AGENCY ONLY SAVED.

Situation on the Frontier Regarded as Critical at Athens--Izzet Bey in Disfavor With the Sultan--Turks Charged With Burning Wounded Greek Prisoners--Bulgaria Receives Orders.

CORFU, April 24.--The western Greek squadron yesterday bombarded Santi Quaranta and did great damage to the town. All the government and private buildings were destroyed, with the exception of the Austrian agency. All the stores and merchandise on the quays were burned.

An Athens dispatch says: Those in authority here regard the situation as highly critical despite the favorable news from Epirus. Fighting continues at Mati. The Crown Prince Constantine has ordered his troops to maintain a strictly defensive attitude. A portion of the western squadron has been detached to bombard the fortress Parga, opposite Paxi Island.

IZZET BEY.

Sultan Will Remove Him as Second Secretary and Chamberlain.

CONSTANTINOPLE, April 24.--It is stated that Izzet Bey will be replaced by Arif Bey as second secretary and chamberlain of the sultan.

The Turkish government has issued the following statement: "A recon-

Hakkî Pasha with 12 battalions advanced toward Neryn, on the plain, in order to threaten the retreat of the Greeks at Koskrena. Naim Pasha defeated the Greeks and occupied the important heights of Karadja and Viran. Hamdi Pasha captured the fortified summits of Gordanon and Garhika, commanding the passes.

Osmân Pasha will succeed Edhem Pasha as commander-in-chief of the Turkish army in Thessaly, and has started with his suite for the frontier.

Saad Eddin Pasha, who has been appointed to command the Turkish troops at Janina, in Epirus, has started for the frontier with his suite.

TURKS DISMAYED.

Their Military Stores Destroyed by the Greek Troops.

LONDON, April 24.--Advisers received here from Athens say the Turks are greatly dismayed by the destruction of their stores at Katerina and at Litchonion. Commodore Sachtounis destroyed the stores from the coast to the foot of Mount Olympus. Nothing remains, therefore, for Edhem Pasha to carry away but hunger. The coast road being barred, the only remaining road from Salonika is the Verria road, eight days from Ellassina.

Destroyed "Mountain Dew."

WRIGHT, Ky., April 24.--United States revenue men made a raid on the moonshiners of Upper Shelby, Beef Hide and Elk Horn creeks, Pike county, and were successful in "using up" three stills, with an annual capacity of 3,000 gallons each. All the fixtures were cut to pieces and nearly 2,000 gallons of pure old "mountain dew" poured out.

Suicide or Accident.

DELAWARE, O., April 24.--George Warren was accidentally shot last fall while climbing a fence with a gun. His father, William M. Warren, the beneficiary in a life insurance policy for \$15,000, has sued for payment. The defense by the company is suicide and sensational testimony on that point is promised.

Minister Elopes With His Girl.

FRANKFORT, Ky., April 24.--Rev. William Cogswell of Graffenburg, and Miss Anna Belle Martin of Lexington were married at the Central hotel here by Rev. S. H. Farra. It was an elopement, the marriage being opposed by the bride's parents. The groom is a student at the Bible college in Lexington.

Coming to the Postal Congress.

SOUTHAMPTON, April 24.--The American line steamer St. Paul which left this port for New York today, had among her passengers Postmaster General Swendsen of Norway and Postmaster General Hyerdahl of Sweden, who are delegates to the international postal congress at Washington.

ROYAL BAKING POWDER. The absolutely pure ROYAL--the most celebrated of all the baking powders in the world--celebrated for its great leavening strength and purity. It makes your cakes, biscuit, bread, etc., healthful, it assures you against alum and all forms of adulteration that go with the cheap brands.

The reports of the injury to the railway line by the blowing up of bridges and a tunnel are confirmed. Financially everything is going well and the value of paper money has risen. It is reported here (Athens) that the Turkish troops will be withdrawn from Crete. Private advices from Volo say that all the villages between Katerina and Veria have risen. Among the wounded who have arrived here are several who state that a number of the Greeks wounded at Gritzovali and unable to follow the Greek retreat, were shut up in a small church by the Turks who set fire to the building and burned them to death. A Larissa dispatch says that on Thursday the Greeks attempted to retake Gritzovali. A long fight ensued, but the Greeks failed, owing to the superior force of the Turks and their stronger position. The Greeks, however, occupy a good position in front of Katerina, where, the correspondent is convinced, they will be victorious.

Crete Insurgents Attack a Fort.

LONDON, April 24.--A dispatch from Canica says that the insurgents are attacking Fort Izzedin which is occupied by the international troops in addition to the Turkish garrison. Three warships have left Suda and anchored opposite the fort. The admiral has gone to reconnoiter in a torpedo boat. He says that Colonel Vassos has written to the admiral to ask whether the powers are in alliance with Turkey. The object of this inquiry is obvious. Colonel Vassos has notified the admiral that he has been ordered to attack the Turks.

Bulgaria Ordered to Keep Quiet.

CONSTANTINOPLE, April 24.--The Russian government has sharply ordered Bulgaria to keep quiet; yet Bulgaria has given the porte notice that she will mobilize her troops today unless she berats (the warrants for five more Bulgarian bishops in Macedonia) and the appointments of Bulgarian consular agents at Uskub and Monastir be granted.

MINERS STRIKE.

Four Hundred Men Go Out For An Increase of Wages.

PITTSBURGH, April 24.--Four hundred miners in the Nixon mine, owned by the Alexander Braek Coal company, and the Glass House mine, owned by Jesse Sanford, both on the Chartiers branch of the Panhandle railroad, have struck. They want the mining rate advanced from 34 to 60 cents. The Moon Run Coal company, employing 300 hundred men, agreed to do away with the incentive contracts and the men returned to work today at the 54-cent rate.

Dr. Miles' Nerve Triumphs.

Excessive Nervousness from Childhood.
La Grippe Brings on Heart Weakness.

REV. D. P. STARRY, pastor M. E. church, Buchanan, Ga. writes Dec. 10, 1895: "In childhood I was afflicted with excessive nervousness, which, almost developed into St. Vitus dance. I partly recovered, but at college I gradually grew worse. Close study aggravated the trouble; any unusual exertion caused trembling all over. In 1890 I had a severe attack of La Grippe which brought on heart weakness. I had been almost constantly under treatment for nervous troubles, and changed climates frequently without avail. Last February I began taking Dr. Miles' Restorative Nerve and Nerve and Liver Pills and since then I have been studying more and working harder than for years and the good effects that have resulted seem to be permanent."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee. First bottle sent or money refunded. Book on Heart and Nervousness free to all applicants. DR. MILES MEDICAL CO., Elkhart, Ind.

JOHN HUNTERMAN, Reorder,

Blotting Paper.

In England they use a thin blotting paper; here we use mainly a thick blotter, says the New York Sun. Such thin blotting paper as is used here is chiefly for blotting leaves in books. Here we use on a desk a sheet of blotting paper 19x24 inches, the standard size which may be turned over when one side is pretty well filled with ink. In England the thin blotting paper is folded a number of sheets together, making a sort of pad, something larger than legal cap paper, and when a leaf gets saturated with ink it is torn off.

AFFLICTED.

Sherman Robbins is no better.

Miss Nora Sweeney is suffering severely with tonsillitis.

Oliver and Steyhen Isom of Mitchell, well known in Seymour are critically ill.

One half of Henry Seulke's tongue has been removed by medicine for his ailment. He is at Cincinnati for treatment.

Poisons engendered by food fermenting in a dyspeptic stomach are the direct cause of rheumatism, gout, bronchitis, liver and kidney complaints, asthma, pneumonia and many nervous ailments.

These results are prevented by the use of the Shaker Digestive Cordial, a remedy discovered and prepared by the Shakers of Mount Lebanon, N. Y. It is in itself a food and has power to digest other food taken with it. Thus it rests the diseased stomach and finally masters the worst cases of dyspepsia. It acts promptly and fresh strength and increase of weight soon follows. The first dose taken immediately after eating, abates the pain and distress so dreaded by dyspeptics. Trial bottles—enough to prove its merit—10 cents.

Laxol is the best medicine for children. Doctors recommend it in the place of Castor Oil.

Mrs. W. T. Reeves, an esteemed lady of Columbia, Tenn., died at 4 o'clock Thursday evening April 22, 1897, with pneumonia aged thirty-seven years. She was a daughter of Thomas A. Reed of Seymour. A husband and one son aged fourteen years survive who with the relative here have the sincere sympathy of all.

Speechlet No. 5.

Soda water is a blessing. The better the soda water the greater the blessing. If it is right the people will drink it. More than twenty thousand glasses were served at COX'S PHARMACY last season and every glass was a sparkling testimonial of its good qualities. It will be still better this year.

Americans are the most inventive people on earth. To them have been issued nearly 600,000 patents, or more than one-third of all the patents issued in the world. No discovery of modern years has been of greater benefit to mankind than Chamberlain's Colic, Cholera and Diarrhoea Remedy, or has done more to relieve pain and suffering. J. W. Vaughn, of Oakton, Ky., says: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy in my family for several years, and find it to be the best medicine I ever used for cramps in the stomach and bowels." For sale by C. W. Milhous.

RAILROAD RUMBLINGS.

Geo. Guess, conductor on the P., C., & St. L. is laying off. Walter Tindell is running for him.

Deafness Cannot Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out, and this tube restored to its normal condition or hearing will be destroyed forever, nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Props., Toledo, O. Sold by druggists, 75 cents. Hall's Family Pills are the best.

BRADSTREET'S REVIEW.

Conditions in General Trade Are Improving Slightly.

NEW YORK, April 24.—Bradstreet's today says: The change in conditions underlying general trade, while slight this week, has been in the direction of improvement. The outlook favors an increase in labor disturbances to resist midsummer wage reductions. The bituminous coalmining industry is worse off than the anthracite with rumors of strikes, which promise to have an unfavorable influence. Trade in wool is quieter. There is less life in the wholesale drygoods trade and little relief has been experienced, buyers continuing to supply immediate needs only.

The tendency toward more settled weather has stimulated retail demand, more particularly in the northwest, notably for drygoods, hardware and millinery. The general tendency of the Mississippi flood to subside has created a better feeling. The only large cities reporting an increase in the movement of merchandise are St. Paul, Minneapolis, Milwaukee and Kansas City, where the distribution of drygoods, shoes, hardware and building materials has been more conspicuous. At almost all other large centers there has been no material gain in industrial or commercial lines.

BASEBALL.

Western League.

COLUMBUS, O., April 24.—"Bumpus" Jones started in to pitch for Columbus yesterday, but was wild and Smith was substituted in the fourth inning. Detroit clinched the game in the first inning on Columbus' errors. Score:

Columbus	0	0	0	2	1	0	0	0	4	7	5
Detroit	5	0	2	1	0	0	1	0	0	0	7

Batteries—Jones, Smith and Fisher; Eagan and Trost.

Milwaukee.....0 3 5 5 0 0 2 0 0 15 19 2
Minneapolis.....0 0 2 1 0 0 0 0 0 3 8 2
Batteries—Jones and Spear; Flegmeyer, Kagehy and Moran.

Indianapolis.....1 1 0 0 2 2 1 0 0 7 10 2
Grand Rapids.....0 0 3 0 0 0 0 0 0 3 14 3
Batteries—Goar, Monroe and Kahoe; Foreman and Buckley.

National League.

BALTIMORE, April 24.—It looked a sure thing for Boston in the first half of yesterday's game, but good stick work by the champions pulled the game out of the fire in the eighth inning. Score:

Baltimore—Pond and Clark, 7 runs, 12 hits, 3 errors. Boston—Nichols and Yeager, 5 runs, 11 hits, 2 errors.

Philadelphia—Taylor, Orth and Boyle, 12 runs, 9 hits, 3 errors. New York—Gettig and Warner, 7 runs, 12 hits, 3 errors.

Washington—McInnes, King and McGuire, 7 runs, 8 hits, 3 errors. Brooklyn—Dane, Kennedy and A. Smith, 8 runs, 13 hits, 2 errors.

Cincinnati—Breitenstein and Pietz, 4 runs, 6 hits, 1 error. Chicago—Briggs and Anson, 3 runs, 11 hits, 2 errors.

SHOT A MOTORMAN.

St. Louis Citizen Resents Having His Buggy Bumped Off the Track.

ST. LOUIS, April 24.—James E. Thorp, a motorman, was shot by Ira Stansbury in front of the city hall yesterday. Stansbury was in a buggy which he was driving on the track. Thorp ran an electric car up behind the buggy and sounded the gong for Stansbury to get off the track. Stansbury was driving fast and refused to turn out. Thorp ran his car up to the buggy and bumped it off the track. Stansbury stopped his horse and coolly shot the motorman. When arrested he said he had as much right on the street as the car and that no motorman had a franchise to run him down. Stansbury is 77 years old and has been a resident of St. Louis for 60 years. He is well off and prominent.

Composer Tours.

English papers announce the death, after a long illness, of Berthold Tours, the well known musician and composer. Mr. Tours was a Dutchman by birth, having been born in Rotterdam in 1828. He studied at Leipzig and Brussels, went to England in 1861 and for a good many years served as a violinist in Costa's orchestra. For the last 19 years, however, he had occupied the responsible post of reader and editor to the great firm of Novello & Co., in which capacity he did an immense amount of useful work in the "reduction" of orchestral scores to their pianoforte form. He was also a voluminous composer of graceful violin pieces, songs, hymn tunes, anthems and church services.

SPANISH VICTORY.

Usual Sixteen Insurgents Killed and Left on the Field.

HAVANA, April 24.—Lieutenant Colonel Alfien, with the Maria Cristina battalion, engaged the insurgents at Purgatorio, Havana province, his advance guard pursuing them to the Providence farm. Here they were entrenched and three hours' fighting followed. The Spaniards captured the camp and important documents. The fleeing insurgents left 16 killed on the field and had many wounded. The regulars lost none, but had 16 wounded.

Orders have been given for expulsion from the island of George A. Guirre, a naturalized American. He was captured in a boat near Havana.

Enrique Palma and Mizard, Italians, and a French lady, Mariana Flaminio, have been lodged in jail at Santiago de Cuba on the charge of assisting the rebellion.

WARNING THE COURT.

Free Turnpike People May Instruct the Judge What to Do.

LANCASTER, Ky., April 24.—The following notice signed by William L. Allen, a prominent and highly respected citizen of this county, has been circulated here:

The people voted for free pikes, won them and should have them. I myself voted against free pikes. However, I am not in favor of a certain class using the pikes free and others having to pay. You need not be surprised if 800 or 900 men ride to Lancaster in daylight and instruct the court what disposition to make of the roads.

Was Injured by a Foldingbed.

CHICAGO, April 24.—Mrs. George Beane, better known as Mabel Paines, a dancer, has obtained a jury verdict for \$10,000 in the federal court, for injuries received from a foldingbed in the Hotel Normandie, in this city June 24, 1894. At that time she was connected with the "Milk White Flag" company.

Three Cent Law Unconstitutional.

INDIANAPOLIS, April 24.—Judge Showalter of the United States court yesterday issued a restraining order against the state, county and city officials enforcing the 3-cent fare law against the Citizens' Street Railway company. The judge holds the law unconstitutional. It was passed by the last legislature.

Joseph Haworth rightly calls Modjeska "the peerless queen of actresses."

Modjeska's health is a matter of world wide interest, and her testimonials to the value of the great remedy which makes people well is of particular moment in the early spring, when from every quarter reports come of men, women and children who are taking Paine's celery compound, and are gaining in nervous vigor, weight and every other indication of better health.

The thoughtful portion of the community knows the need of purifying the blood and regulating the nervous and alimentary systems as spring comes on.

There is the danger that in their eagerness to take a spring remedy a thoughtless person may carry home some bogus concoction prepared with

The wife of Rev. Charles H. Parkhurst, the famous preacher and reformer, Mayor McShane, of Montreal, Major General Birney, Judge Powers, of Vermont, and a host more of prominent men and women, including no less than five U. S. congressmen, are among the thousands of grateful people who have recently sent to the proprietors of this wonderful remedy their expressions of its unequalled value—men and women who can well afford, and do command the highest medical advice in the country.

And then also from the people in the ordinary walks of life there come thousands of honest, straightforward, heartfelt letters, telling how Paine's celery compound has made them well.

Their testimony simply goes to show what New England's most vigorous editor so aptly said in a letter telling of the benefit Paine's celery compound had been to a member of his family: "Paine's celery compound is not a patent medicine; it is not a sarsaparilla; it is not a mere tonic; it is not an ordinary nerve—it is far beyond them all as the diamond is superior to cheap glass."

It makes people well. It is the one

blest physicians of every school, and they are today agreed that it stands alone as the reliable remedy for building up a person's health in the spring.

Poisons engendered by food fermenting in a dyspeptic stomach are the direct cause of rheumatism, gout, bronchitis, liver and kidney complaints, asthma, pneumonia and many nervous ailments.

These results are prevented by the use of the Shaker Digestive Cordial, a remedy discovered and prepared by the Shakers of Mount Lebanon, N. Y. It is in itself a food and has power to digest other food taken with it. Thus it reverts the diseased stomach and finally masters the worst cases of dyspepsia. It acts promptly and fresh strength and increase of weight soon follows. The first dose taken immediately after eating, abates the pain and distress so dreaded by dyspeptics. Trial bottles—enough to prove its merit—10 cents. Laxol is the best medicine for children. Doctors recommend it in the place of Castor Oil.

Deafness Cannot Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out, and this tube restored to its normal condition or hearing will be destroyed forever, nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Props., Toledo, O. Sold by druggists, 75 cents. Hall's Family Pills are the best.
